

PERU FEDERAL SAVINGS BANK
TRUTH IN SAVINGS DISCLOSURE – REG. DD

Certificate of Deposits
_____ Month

Rate Information

The interest rate on your account is _____% with an *APY of _____%
 You will be paid this rate until first maturity.

Compounding and Crediting Frequency

Interest will be compounded every month. Interest will be credited to your account every month, calculated using the daily balance method.

Minimum Balance to Open the Account

You must deposit \$1,000.00 to open this account.

Minimum Balance to Obtain the Annual Percentage Yield Disclosed

You must obtain a minimum average daily balance of \$1,000.00 to obtain the disclosed annual percentage yield. A withdrawal of earnings will decrease your APY.

Daily Balance Computation Method

We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Accrual of Interest on Non-cash Deposits

Interest begins to accrue on the business day you deposit non-cash items.

Transaction Limitations

You may not make any deposits into your account before maturity. You may make withdrawals of principal from your account before maturity only if we agree at the time you request the withdrawal. A penalty will apply. You can only withdraw interest credited in the term before maturity of that term without penalty. You can withdraw interest any time during the term of crediting after it is credited to your account.

Time Requirements

Your account will mature on _____.

Early Withdrawal Penalties

If we consent to a request for a withdrawal that is otherwise not permitted you may have to pay a penalty. The penalty will be an amount equal to one half the certificate term in interest on the amount withdrawn. There are certain circumstances, such as death or incompetence of an owner, where we will waive or reduce this penalty. See your plan disclosure if this account is part of an IRA or other tax qualified plan.

Withdrawal of Interest prior to Maturity

The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.

Automatic Renewable Time Account

This account will automatically renew at maturity. You may prevent renewal if you withdraw the funds in the account at maturity or within any grace period mentioned below, or we receive written notice from you within any grace period mentioned below. We can prevent renewal if we mail notice to you at least 30 days before maturity. If either you or we prevent renewal, interest will not accrue after final maturity. Grace period is ten days after your maturity date.

Each renewal term will be the same as the original term, beginning on the maturity date. The interest rate will be the same we offer on new time deposits on the maturity date which have the same term, minimum balance and other features of the original time deposit.

*APY – Annual Percentage Yield

PERU FEDERAL SAVINGS BANK
TRUTH IN SAVINGS DISCLOSURE – REG. DD
Variable “BUMP” Certificate of Deposits

The “Bump” option can ONLY be exercised once during the term of the CD.

48 Months

Rate Information

The interest rate on your account is _____% with an *APY of _____%.

You will be paid this rate until first maturity.

****Frequency of Rate Change**

You have the option to unlock your current interest rate and lock in a higher rate **once** during the **term** based on the bank's published rate for the closest standard term that is equal to or less than the remaining term on the original CD.

Compounding and Crediting Frequency

Interest will be compounded every month.

Crediting Frequency

Interest will be credited to your account every month.

Minimum Balance to Open the Account

You must deposit \$1000.00 to open this account.

Minimum Balance to Obtain the Annual Percentage Yield Disclosed

You must obtain a minimum average daily balance of \$1000.00 to obtain the disclosed annual percentage yield.

A withdrawal of earnings will decrease your APY.

Daily Balance Computation Method

We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Accrual of Interest on Non-cash Deposits

Interest begins to accrue on the business day you deposit non-cash items.

Transaction Limitations

You may not make any deposits into your account before maturity. You may make withdrawals of principal from your account before maturity only if we agree at the time you request the withdrawal. A penalty will apply. You can only withdraw interest credited in the term before maturity of that term without penalty. You can withdraw interest any time during the term of crediting after it is credited to your account.

Time Requirements

Your account will mature on _____

Early Withdrawal Penalties

If we consent to a request for a withdrawal that is otherwise not permitted you may have to pay a penalty. The penalty will be an amount equal to **one half the certificate term in** interest on the amount withdrawn. There are certain circumstances, such as death or incompetence of an owner, where we will waive or reduce this penalty. See your plan disclosure if this account is part of an IRA or other tax qualified plan.

Withdrawal of Interest prior to Maturity

The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.

Automatic Renewable Time Account

This account will automatically renew at maturity. You may prevent renewal if you withdraw the funds in the account at maturity or within any grace period mentioned below, or we receive written notice from you within any grace period mentioned below. We can prevent renewal if we mail notice to you at least 30 days before maturity. If either you or we prevent renewal, interest will not accrue after final maturity. Grace period is ten days after your maturity date.

PERU FEDERAL SAVINGS BANK
TRUTH IN SAVINGS DISCLOSURE – REG. DD

Variable IRA Certificate of Deposits
_____ Months

Rate Information

The interest rate on your account is _____ with an *APY _____.
 You will be paid this rate until first maturity.

Frequency of Rate Change

We may change the interest rate on your account at anytime; the determination of the interest rate will be at our discretion.

Compounding and Crediting Frequency

Interest will be compounded every month. Interest will be credited to your account every month, calculated using the daily balance method.

Minimum Balance to Open the Account

You must deposit \$10.00 to open this account.

Minimum Balance to Obtain the Annual Percentage Yield Disclosed

You must obtain a minimum average daily balance of \$10.00 to obtain the disclosed annual percentage yield. A withdrawal of earnings will decrease your APY.

Daily Balance Computation Method

We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Accrual of Interest on Non-cash Deposits

Interest begins to accrue on the business day you deposit non-cash items.

Transaction Limitations

You may make contribution deposits into your account before maturity. You may make withdrawals of principal from your account before maturity only if we agree at the time you request the withdrawal. A penalty will apply. You can only withdraw interest credited in the term before maturity of that term without penalty. You can withdraw interest any time during the term of crediting after it is credited to your account.

Time Requirements

Your account will mature on _____.

Early Withdrawal Penalties

If we consent to a request for a withdrawal that is otherwise not permitted you may have to pay a penalty. The penalty will be an amount equal to **one half the certificate term in** interest on the amount withdrawn. There are certain circumstances, such as death or incompetence of an owner, where we will waive or reduce this penalty. See your plan disclosure if this account is part of an IRA or other tax qualified plan.

Withdrawal of Interest prior to Maturity

The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.

*For any time deposit which earns an interest rate that may vary from time to time during the term, the interest rate we use to determine this early withdrawal penalty will be the interest rate in effect at the time of the withdrawal.

Automatic Renewable Time Account

This account will automatically renew at maturity. You may prevent renewal if you withdraw the funds in the account at maturity or within any grace period mentioned below, or we receive written notice from you within any grace period mentioned below. We can prevent renewal if we mail notice to you at least 30 days before maturity. If either you or we prevent renewal, interest will not accrue after final maturity. Grace period is ten days after your maturity date.

Fixed Rate - Each renewal term will be the same as the original term, beginning on the maturity date. The interest rate will be the same we offer on new time deposits on the maturity date which have the same term, minimum balance and other features of the original time deposit.

Variable Rate – Each renewal term will be the same as the original term, beginning on the maturity date. Interest will be calculated on the same basis as during the original term.
